

**Horse Lovers**, check out 5.2 acre lot #142 at Redhawk J6 Ranch. A perfect size and location to enjoy it all... with beautiful vistas in every direction. The terrain naturally separates the horse areas from the living area. Build a Barndominium near the front drive, a horse turnout to the south connected to a horse barn to match the architecture of your Barndominium.

**Bridge the Financing Gap -  
Financing options are available.**

Build immediately or many years later.

Purchasing land with a land loan is a great way to establish a location for your home and a lot loan doesn't require that you pay insurance on a dwelling. Build your home on your own schedule.

We offer seller financing with 35% down and amortizing terms of 5, 10, 15 and 20 years.
